# Provider Partners Texas Advantage Plan Provider Directory

# Section 1 – Introduction

This directory provides a list of Provider Partners Texas Advantage Plan's network providers.

This directory is updated monthly but can change at any time. Please refer to the Table of Contents for how this directory is organized. If you are not able to find a provider here, please refer to the online, searchable directory or contact Member Services.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP. Provider Partners Texas Advantage Plan is an Institutional Special Needs Plan (I-SNP) Health Maintenance Organization (HMO). Since we are an HMO, it is necessary for you to select a PCP while on the plan. Please contact a provider to determine if he or she is accepting new patients.

The network providers listed in this directory have agreed to provide you with your health care/vision/dental services. You may go to any of our network providers listed in this directory.

Under certain circumstances, members may obtain services from out-of-network providers. Newly eligible members who are undergoing an existing course of treatment under the care of an out-of-network provider at the time of eligibility may continue to obtain services from that provider until the member's care is safely transferred to an in-network provider. Out-of-network providers with members under a current treatment plan must notify the health plan and request authorization of services as appropriate according to the Plan benefits. All supporting clinical information must be provided to substantiate the continuation of the requested service(s). During this time existing care will not the interrupted until clinical information is reviewed for medical necessity and appropriateness. In the case where there may not be a network specialist available to the member, an out-of-network provider may be accessed at the discretion of the PCP.

Whenever you get a bill from an out-of-network provider, you should not pay the bill. You should submit the bill to the plan for processing and determination of enrollee liability, if any. Please reference the plan's document page on the website or the Evidence of Coverage (EOC)

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers for urgent care. When out of the service area, urgent care may be obtained from the first available provider. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Provider Partners Texas Advantage Plan will be responsible for the costs.
